We invite you to register for this one day event that will discuss developments in the protection of human rights by Australian charters and human rights acts. The conference provides an important opportunity to examine the Victorian Charter of Human Rights and Responsibilities, the ACT Human Rights Act and other bills of rights. Leading Australian and international speakers will also address the future of the protection of human rights, such as economic, social and cultural rights, in Australia and other countries. The day is aimed at both a legal and non-legal audience.

We hope to see you in Melbourne on 25 September 2007.
