HUMAN RIGHTS FOR NSW

As a supporter of a Charter of Rights for NSW and the NSW Charter Group, I call on the NSW Government to:

1. Initiate a widespread community consultation on how best to protect and promote human rights, including whether or not NSW should adopt a Charter of Human Rights, and if so what the Charter of Human Rights should include and how it should work.
2. Following the community consultation, adopt comprehensive human rights protection in NSW consistent with the outcomes of the consultation.

Please tick as appropriate:

- The NSW Charter Group may include my name on its website ([www.nswcharterofhumanrights.org](http://www.nswcharterofhumanrights.org)) as a supporter of a charter of human rights for NSW and of the group.
- Please include me on the NSW Charter Group's information e-mail list.
- Please contact me about further support I can provide to the NSW Charter Group, for example campaign assistance, funding, or talking to my local member of parliament or organisations in which I am involved.
