NSWCHARTERGROUP
HUMAN RIGHTS FOR NSW

As a supporter of a Charter of Rights for NSW and the NSW Charter Group, we call on the NSW Government to:

1. Initiate a widespread community consultation on how best to protect and promote human rights, including whether or not NSW should adopt a Charter of Human Rights, and if so what the Charter of Human Rights should include and how it should work.
2. Following the community consultation, adopt comprehensive human rights protection in NSW consistent with the outcomes of the consultation.

Please tick as appropriate:

- Please include our contact person on the NSW Charter Group's information e-mail list.
- The NSW Charter Group may include our name and logo on its website (www.nswcharterofhumanrights.org), with a link to our own website, as a support organisation.
- We can support the NSW Charter Group by publishing campaign news in our newsletter and online as appropriate.
- We will encourage our members to become individual supporters.
- We can provide speakers, facilities, funding support or other resources for joint campaign initiatives (to be negotiated on a case by case basis).
- The NSW Charter Group can use our endorsement in campaign material.

Statement of endorsement (this can be provided later or please attach):
